Press Release

November 9, 2020

New Beginnings – Lake Charles is here to help with treatment today!!

We have been working hard to re-open New Beginnings at Lake Charles and we are pleased to let you know that we are back... and here to help. We know that it has been a long road back for many in the Lake Charles area and we are here to help!! Our facilities have now been approved by the Fire Marshall, the State Office of Behavioral Health and the State Department of Health and Hospitals. We are also one of the only treatment facilities accredited by the CARF (Commission on Accreditation of Rehabilitation Facilities) in the State of Louisiana.

We know that treating a substance use disorder takes commitment, persistence, and hope. Add to this hurricane Laura, hurricane Delta, the pandemic and other difficulties and wanting to stop using alcohol and other drugs becomes even more complicated and difficult to pursue. We can help and have taken extra precautions to avoid the virus.

So, why should anyone want to get into treatment right now? The fact is that now is the ideal time to seek treatment. It has been shown that individuals using alcohol and other drugs are more susceptible to infections and viruses due to compromised immune systems. We understand that this may not be the ideal time for you, your family member, or an employee to reach out for quality treatment. But if you really think about it, maybe now is the right time before the holidays take place. We will work with you to make it happen. We have had many phone calls asking if New Beginnings Lake Charles is back offering services. We have gone the extra mile to provide excellent facilities and a cadre of professional staff delivering research-based services. Now is the time!

Explore our website: **Newbeginnings-lakecharles.com** and call us at **Phone number:337-855-9773**

Let us discuss options to help you achieve a lasting recovery from an alcohol and other drug use disorder.
